Day 2 - Friday 6th July

The San Fermin Fiesta. A once-in-a-lifetime-experience as we celebrate together with the villagers following a unique dancing procession led by the fittest and most handsome men in the village, brightly and immaculately dressed in red and white costume. In the evening, we enjoy a fabulous cider house evening, visiting a cider farmhouse in the countryside surrounding San Sebastian for some of the best traditional Basque cuisine.

Day 3 - Saturday 7th July

Your culinary and cultural adventure takes you into deep French Basque country, uncovering historic sites on a spectacular route of discovery. At mid-afternoon, we arrive by boat at the pretty fishing village of San Juan, near the French border, where we experience a hands-on private cooking class with our Basque chef in his restaurant kitchen followed by a gourmet dinner in the village plaza overlooking the sea.

Day 4 - Sunday 8th July

At 16.00, a lively discussion on Basque culture, politics and history takes place led by Paddy Woodworth and based on topics he has presented at Harvard and the London School of Economics. The presentation concludes with a Q&A session where active participation is encouraged. The perfect opportunity to resolve any doubts or questions you've built up during the week!

At 19.00, we leave for an incredible finale wine tasting and dinner at Rekondo, which boasts one of the top 5 wine collections in the world as voted by Wine Spectator (September 2011). We will enjoy an exclusive and private tour of the wine cellar by their head sommelier before an incredible four-course dinner with Spanish wines.
